WOW!

For information on our open for inspection procedures, please refer to the bottom of this ad.

This magnificent weatherboard house was carefully designed over two levels so that just about every room in the house has views of the mountains across the valley.

And ... it has lockable interconnecting doors on both levels so that you can enjoy one big rambling house ... or one four bedder and a single bedder. So you can accommodate granny or friends or AirB&B (subject to approval) in their own separate space. Or have it all to yourself.

There are day beds along window sills so you can sit and dream while staring out at the magnificent bush outlook.

Nearby, there are two exciting lookouts and access to fabulous bushwalks

Minutes from cafes, restaurants and bars.
